EULoS Summer School
European Union and the Law of the Sea
Genoa, Italy
29 August / 9 September 2022

The interaction between the Law of the Sea and EU law is an area of increasing importance, which has nonetheless so far attracted too little attention.

The role of the EU with regard to the rights and duties implied in the use of world’s oceans is worth an ad hoc scrutiny not only in the light of the enhanced presence of the EU in the international arena but also because of a strategic interest that the EU has developed in recent years.

Both the EU and its Member States are parties to the 1982 United Nations Convention on the Law of the Sea on the basis of the principle of attributed powers. The recent practice, however, has shown that uncertainties if not outright clashes may indeed arise. Several contentious cases have been brought to the attention of the Court of Justice of the EU either by way of infringement proceedings or because of alleged inconsistencies between EU law and international maritime treaties to which the Member States themselves are contracting parties.

All of the above... and more is at the heart of the Summer School on European Union and the Law of the Sea, to be held in 2022 for the eighth consecutive year.

Scientific Committee
Prof. Avv. Lorenzo Schiano di Pepe, LL.M. Co-ordinator
Università degli Studi di Genova and Studio Legale Affemi Crispo & C., Genova

Prof. Dr. Andree Kirchner, LL.M.
University of Applied Sciences of Bremerhaven and Institute for the Law of the Sea and International Marine Environmental Law (ISRIM), Bremen

Prof. Dr. Iris Kirchner-Freis, LL.M. Eur.
University of Bremen and Institute for the Law of the Sea and International Marine Environmental Law (ISRIM), Bremen

Venue
Palazzo dell’Università (main University building), Via Balbi 5, Genova 16126

This year’s edition will focus on:
• Introductory notions of international and EU law of the sea
• Marine environmental protection
• Maritime safety and security
• Individuals at sea
• Dispute settlement in the law of the sea.

The summer school will also feature a visit and workshop at the Italian Navy’s Institute of Hydrography.

To know more on:
• practical information
• travel and accommodation
• the scientific committee and the teaching staff
• outline programme
• and how to apply
